Q

I'm not a pink-lips person. What else works for everyday?

There are tons of flattering—and intriguing!—options. I'd try a sheer, shimmery bronze lipstick (if your skin's light to medium) or plum (if you're dark). The metallic particles reflect light to make your face seem brighter. For deeper color, fill in your lips with pencil first.

LIGHT SKIN: 1. Nars Velvet Matte Lip Pencil in Walkyrie (\$23, narscosmetics.com)
2. L'Oréal Paris HIP Shine Struck Liquid Lipcolor in Harmless (\$12, at drugstores)

DARK SKIN: 1. Wet 'n' Wild Mega-Sticks Lip Color Pencil in Chocolate Truffles (\$3, at drugstores)
2. Kissable Couture Lip Gloss in Tyler (\$22, kissablecouture.com)
