The article snippet is titled "obsessions & CONFESSIONS WITH YING" and features four Kissable Couture lip gloss tubes in various colors (purple, red, orange, and dark red). The article text is as follows:

**Kiss & Sell**  
Each of the sexy new glosses from Keisha Whitaker's Kissable Couture (\$22) collection is named after a man she and her friends have locked lips with, including a sparkling ruby one named "Forest"—after her Academy Award-winning husband. Laughs Keisha diplomatically, "He knows he's my favorite!"
